Course Description

This course is to train Multifamily Housing Project Managers on new procedures and job

requirements for MF project-based Section 8 Housing established pursuant to the Lead Safe Housing Regulation.

The course will:

- Review the new regulations and how they affect HUD Multifamily Housing;
- Explain HUD's Transition Assistance Strategy for the Lead Safe Housing rule, particularly HUD-funded lead-based paint inspection and risk assessments that are available to owners of pre-1978 properties;
- Explain how the inspection/risk assessment reports will be provided to various affected parties;
- Describe how the lead-based paint inspections and risk assessments impact the Project Manager and Contract Administrator;
- Explain the relationship between the Owner/Agent, Project Manager, Contract Administrator and REAC in the inspection/risk assessment program.

Target Audience

This course is designed for Multifamily Hub and PC Directors, Operations Officers, Project Managers (asset management), Contract Administrators, Owners, and Management Agents.
